COMPATIBILITY OF FRIENDS AND FAMILY

This Friends Report is divided into 4 chapters.

Chapter 1 describes your temperaments and personalities. The issues described in Chapter 1 become particularly powerful if you have a close or long-lasting relationship. Idiosyncrasies or quirks in another person's personality do not bother us as much if our relationship is a casual one. For example, if one person is neat and tidy and the other is sloppy, this is more likely to become a concern if you depend on each other in a business partnership than if you are casual acquaintances.

Pay close attention to the issues described in **Chapter 2** because these are the most important themes in your relationship. For example, if themes of open communication and friendliness are emphasized, then you can count on this relationship growing into a close, long-lasting friendship. However, if friendliness and harmony between you are hardly mentioned at all, your relationship will be a more formal, less personal one and you probably won't think of one another as close friends. Note also that the material in Chapter 2 is presented roughly in order of importance, so that the material presented at the beginning of Chapter 2 is the most powerful.

Chapter 4 describes issues in your relationship of less importance than those presented in Chapter 2. **Chapter 3** describes situations and circumstances that arise over time if your relationship is a long-lasting one.

If a statement appears to contradict another statement, then your roles are likely to alternate. For example, a statement that Lucille is more aggressive than Carol, and another statement stating that Carol is more aggressive than

Lucille, means that you alternate roles, with Lucille sometimes being the leader and Carol being the follower, and sometimes just the opposite. Also, read the statements carefully, as it is likely that a careful reading will reveal different kinds of aggressiveness or areas in which the aggressiveness is likely to express itself.

To make the most of this report, combine this astrological analysis with other things that you know about each other. For example, if your relationship is strictly business-related and close, personal friendship is unimportant to both of you, then it will not concern you if there is little warmth in the relationship. However, a lack of warmth and sympathy, or a tendency to be critical and judgmental of one another, is a more serious problem in a parent-child relationship. You may also want to order a Natal Report for each of you. The Natal Report describes your individual traits. The material in Chapters 2, 3 and 4 of this report describes the dynamics of your relationship, but does not describe your individual natures.

Your birth chart interpretation is based on the positions of the planets at the time of your birth. For the benefit of students of astrology, these positions, along with other technical information, are listed below:

CHAPTER 1

A Comparison of Temperaments and Life Styles that Affect Your Ability to Harmonize with Each Other

Lucille's Sun in Leo and Carol's Sun in Taurus:

Both of you are strong-willed and stubborn, and once you dedicate yourselves (to a person or a project), you will stay with it in good times and bad. Longevity, stability, and loyalty characterize your relationship. You appreciate one another's solidness and integrity.

Both of you can be infuriatingly obstinate and inflexible at times, and your personal styles and tastes often conflict. Lucille is more colorful, more of a gambler, than Carol is. Lucille is also more egocentric than Carol, and can sometimes take advantage of Carol's patience and slowness to take offense. However, once Carol has been pushed too far, the battle between you can be monumental!

Lucille's Moon in Capricorn and Carol's Moon in Taurus:

Material security and order in your practical affairs is essential to both of you. You may rely a great deal on money for a sense of emotional well-being, or even substitute material gifts for emotional sharing and affection (Lucille is particularly prone to this).

Both of you are dependable and responsible in close relationships, and you appreciate this very much in one another. You harmonize well together, though there are significant differences in your temperaments.

Lucille is hard-working, serious about ambitions, and a self-disciplined, and/or self-denying person to whom spontaneous play and frivolity don't come naturally. A strong, self-sufficient person (at least on the outside), Lucille has trouble accepting "childish" emotional needs, dependency, and feelings in general. Lucille seeks to prove personal worth by accomplishment and achieving success in material terms. Carol, too, is a practical person, but has a strong pleasure-loving, comfort-loving, easy-going side that borders on laziness at times. Carol ENJOYS the things worked for, and can help Lucille do so too. Carol expresses affection more readily than Lucille also, and can open Lucille up in this way as well.

Both of you have Venus trine or sextile Neptune:

Both of you have a tremendous imagination and feeling for beauty. Positively, you seek to see only the good in others, and to forgive their departures from their best selves. Compassion and spiritual understanding are an important part of love for you, and you both seek friends who have these qualities. Other people may think of both of you as saints or "angels" because of your loving hearts and your kindness.

Your spiritual ideals and a common spiritual path are apt to be an important part of what binds you together, even if other aspects of your relationship shift or fade away altogether.

Sun & Mars hard or conj for Lucille, soft for Carol:

Both of you are high-energy people. Carol can help Lucille learn to direct competitive drives and personal power into positive channels, as this is something Carol has mastered in ways that Lucille is still grappling with. Lucille tends to go overboard, and become aggressive, angry, and belligerent at times, whereas Carol is smoother and less likely to aggravate other people when being assertive and forceful. Carol has

integrated and developed certain aspects of the masculine principle (the ability to act, to achieve, to assert the self effectively) and can model this for Lucille.

Moon & Mercury hard for Carol, soft or conj for Lucille:

Both of you want and need to communicate on a personal level quite a lot. Carol in particular is apt to get restless, fidgety, and bored if there is not enough social and personal interaction, and may find that trivial conversation, gossip, television talk shows, and the like fill a need when no real outlet for communicating intimately exists. Carol may be somewhat addicted to talking without making a point!

Lucille also alleviates stress by talking about it, but not so compulsively.

Taking long walks together and enjoying one another's conversation and observations could be a very pleasant aspect of your relationship.

CHAPTER 2

Major Themes in the Relationship: What Brought You Together

Moon Mutually Aspects Venus:

This relationship is mutually supportive. You take a great interest in each other's welfare and you find that you can express affection and warmth towards each other openly. It is likely that your close friendship will last a lifetime.

Lucille's Moon Trine Carol's Venus, Carol's Moon Trine Lucille's Venus:

There is much warmth and kindness in this relationship. Both of you find it easy to express kindness openly towards each other, and the emotional rapport is excellent. This friendship is likely to be a lasting, harmonious one.

Lucille's Sun Opposition Carol's Saturn:

It is likely that a restrictive, limiting, and even oppressive tone develops in this relationship. Carol can fall into the role of being the parent, teacher, or taskmaster of Lucille, causing Lucille to feel inhibited and confined by Carol's seriousness and inflexibility. If Lucille can benefit from the responsible and concerned attitude of Carol and Carol can refrain from taking problems or concerns too seriously, then the positive sense of maturity, responsibility, and stability of the relationship can overcome the negative tendencies.

Carol's Sun Opposition Lucille's Jupiter:

There is a great deal of enthusiasm and optimism in your relationship. You inspire each other to expand your horizons, explore new possibilities, and improve your financial and social situation. You have a lot of good will towards each other, and also allow each other a lot of freedom. You may, however, engage in risky speculations together that are driven more by optimism and hopefulness than by well thought out plans, and consequently fall far short of your expectations. Overall, however, this astrological influence is a positive one of good will and optimism.

Carol's Asc. Opposition Lucille's Venus:

There is a great deal of harmony between you, and you love one another's companionship. Lucille brings out Carol's lovingness, cooperation, appreciation for beauty, and desire for sweetness and pleasure.

An especially close, satisfying friendship is very likely between you.

Lucille's Mercury Conjunct Carol's Neptune:

There is a poetic, fanciful quality to your conversations. Carol brings out the poet and dreamer in Lucille. Communications on practical matters, however, may suffer and you both need to be wary of exaggerating, hiding, or deceiving each other. When with Carol, Lucille is often confused, less clear and less precise than usual.

Carol's Venus Opposition Lucille's Jupiter:

The two of you spark each other's sense of humor and good will. You usually put each other into a good mood, and you can

count on lots of laughter, fun, and socializing to develop from this relationship. You feel open and uninhibited with each other, and a great appreciation for each other grows out of your happy times together. Because you bring out one another's expansiveness and optimism, you are inclined to encourage each other to spend freely and perhaps unwisely.

Carol's Sun Trine Lucille's Moon:

You two are the best of friends! You understand and appreciate each other, and are able to work together very harmoniously. No relationship is free of difficulty and stress, and this astrological influence does not nullify other stressful influences described elsewhere in this report, but it does add a harmonious quality to your relationship that helps you over the rough spots.

Lucille's Asc. Trine Carol's Mars:

Your goals and interests harmonize very well, and you are naturally inclined to join together in shared interests, projects, goals, and work. Carol encourages Lucille to be more active, bold, and self-assertive.

Carol's Asc. Trine Lucille's Neptune:

Carol's sympathy and charitable impulses are brought out by Lucille and there is much mutual tolerance, sensitivity, and good will between you. You help one another in an unselfish way. If Carol is a driving, ambitious person, Lucille can help Carol relax and let go of minor irritations and petty problems. If Carol is a more relaxed or passive person, Lucille will reinforce those traits.

Lucille's Moon Square Carol's Mercury:

Carol needs to guard against the tendency to be critical, unsympathetic, and overly analytical of Lucille's feelings, personal tastes, and habits. Carol may feel that Lucille is overly sensitive to criticism, and refuse to acknowledge responsibility for the problem as well. Petty annoyances, minor disagreements, and bickering can be avoided only if you both learn to listen sympathetically and to communicate clearly with each other.

Lucille's Moon Trine Carol's Neptune:

You spark each other's imagination and you enjoy a colorful, sensitive relationship. Sharing of inner experiences, artistic and musical interests is likely to be a strong, positive part of your relationship, and you may engage in positive artistic, musical, or altruistic endeavors together.

Carol's Moon Trine Lucille's Uranus:

There is an upbeat, enthusiastic, spontaneous quality to your relationship. You spark each other's imagination, creativity, and wit. You feel loose and uninhibited with each other, and you enjoy exploring life and sharing new experiences.

Lucille's Mercury Trine Carol's Venus:

You love to discuss the arts, literature, culture, or any other area that involves a strong aesthetic or emotional element. You are also likely to work successfully together in artistic, literary, or some humanitarian area. Your admiration for each other fosters a lasting, harmonious friendship.

Lucille's Mars Square Carol's Saturn:

In your friendship, Lucille is the eager, passionate, active and impulsive one, and Carol frequently puts on the brakes or tries to control, play down, and restrain Lucille's desires and drives. Lucille is likely to feel very frustrated, angry or discouraged if Carol expresses disapproval or caution too often, and this can be a source of considerable friction between you. Carol feels overwhelmed and envious of Lucille's intensity and assertiveness, but instead of trying to hold Lucille down, Carol should confront the fears and inhibitions that Lucille's directness evokes.

Lucille's Mars Trine Carol's Jupiter:

The two of you form an effective, dynamic team in any venture or endeavor. You work together very well in accomplishing daily tasks, and it is likely that you will also successfully coordinate efforts on joint efforts as well. Carol provides the vision, the social contacts, and ideas, while Lucille provides energy, decisive will, and enthusiasm.

CHAPTER 3

Destiny and Final Outcome of Your Relationship

Composite Sun Conjunct Mercury:

Yours is an intellectual relationship, among other things. Exchanging thoughts, studying together, sharing information, talking and bantering, turning one another on to new books or ideas, sparking one another's curiosity and interest in the world - all of these are important aspects of your relationship. A certain detachment and the ability to think about and talk about what is going on between you are also highlighted. Put simply, becoming more conscious or more informed and educated is a significant reason the two of you are drawn together.

Composite Moon Trine Venus:

Tenderness and affection are the essence of your relationship, and caring about and for one another is an important part of the reason you two have connected with each other. Your friendship will sustain you and buffer many of the blows, difficulties, or problems that you will face in your lives.

There is a protective, almost maternal feeling generated between the two of you. The compassion you have for one another spreads to others, and many seek your company.

Composite Moon Quincunx Neptune:

Even if you are fairly clear-headed, sensible people, when you are together you are apt to be deluded, confused, or

intoxicated by some kind of false hope. Avoid being swindled by someone who would take advantage of your pity or softheartedness, religious shysters, and/or those who offer some sort of instant salvation.

Above all, be absolutely direct and meticulously honest with one another. Hiding something for the other person's "own good", omitting the whole truth for fear of the repercussions, telling white lies which seem innocent enough at the time - these can land you in murky waters that may be very difficult to get out of.

Composite Mars Square Jupiter:

As a team, you generate a lot of positive energy, enterprising ideas, and a belief that you can do anything you really want to. You reinforce the encouraging attitude that what you do can really make a difference. Confidently acting upon those beliefs produces successful results in the world. A sense of ambition and enterprise infuses your relationship. However, minor achievements or humble successes, and even some of your grander accomplishments will not be enough for the two of you. You will always be seeking the next challenge, the farther horizon. You can argue with each other and feel frustrated even when you jointly succeed because you can sense that even more can be achieved. However, impatience and hasty decisions can be the downfall of your projects. You must take more satisfaction and pride in what you have accomplished and work carefully, thoroughly, and aggressively, but not too hastily, towards your next goal.

Composite Mars Conjunct Pluto:

The two of you are an extremely potent force, and together you can effect enormous change (for good or ill) in your own and others' lives. Trying to force change in a willful, dominating manner or in a fanatical, intolerant way, can be very damaging,

yet the drive generated between the two of you is so strong that this is definitely a potential to beware of. If either of you wills the other to improve or wishes to fundamentally alter the other's nature, furious battles will be waged between you.

There is an extremely competitive energy between you, and even if you have believed yourselves to be mild, non-aggressive people, this drive to be first and to triumph will be powerfully active with you. If you join forces to accomplish a task, nothing will stop you. If you compete solely with each other, someone is likely to get hurt - badly. These are issues that will inevitably be faced at some time in your relationship.

Composite Jupiter Quincunx Uranus:

Humor, playfulness, mischievous fun, unexpected gifts, serendipitous events and sudden twists of fate (mostly for the good) abound in this relationship. When the two of you are together, things often go awry or turn out differently than planned, but frequently this works out to your benefit. Keeping an open mind and a sense of comedy will be essential. Flexibility and adaptability will also.

The two of you goad each other to be impulsive, careless, or irresponsible and this, too, will play a part in your friendship.

Composite Jupiter Square Pluto:

Even if both of you are relatively modest individuals, together your ambitions for success are amplified and magnified greatly. At its worst this implies that both of you want to be "bigger", more important, more influential, or more successful than the other. However, if you combine energies you will be a very potent force for change, betterment, and transformation in one another's (and others') lives.

There is a zealous, enthusiastic, somewhat grandiose quality to your ambitions. Beware of becoming fanatical or overstepping your bounds, for legal problems will inevitably result. Questions of ethics, personal convictions, and personal faith will be important issues in this relationship.

Composite Uranus Trine Pluto:

Change will be a constant source of renewal and growth in your friendship. Unlike some who stubbornly resist changes or cling to the past, the two of you will be able to integrate the changes in the world and in yourselves in constructive and satisfying ways.

Composite Mars Trine Uranus:

An unusual degree of personal freedom, independence, and mutual recognition of your need to act freely and without constraints will be vital to this friendship. Perhaps one of the more enjoyable aspects of your connection is the freewheeling, outrageous, and adventuresome energy that is generated between you. You should be out and about, exploring, doing things that are daring, and reveling in the dynamism inherent in your relationship.

A tendency to act selfishly and inconsiderately is, unfortunately, also something one or both of you will do without even giving it a second thought. Individualism can outweigh the concern for cooperation in your relationship.

CHAPTER 4

Other Themes in Your Relationship

Lucille's Sun in Carol's 5th house:

Lucille encourages Carol's creative talents, and both of you are inspired to undertake joint creative projects. If you share a similar artistic or creative interest, then you certainly will work together and inspire each other tremendously along creative lines. You really enjoy each other's company and love to play together.

Carol's Sun in Lucille's 4th house:

You may be drawn to live together and share a home together. Carol's friendship can help Lucille create a strong inner foundation or stable base from which Lucille can draw strength to meet challenges and achieve goals.

Lucille's Moon in Carol's 10th house:

Lucille takes a great interest in Carol's career and reputation, and is likely to openly promote Carol's career, drawing recognition to Carol and "advertising" Carol's services and talents.

Carol's Moon in Lucille's 5th house:

Carol greatly appreciates Lucille's creative interests and provides an encouraging audience for Lucille's personal creative works, whether it be a garden, a culinary delight, home decor, or artistic creation.

Lucille's Mercury in Carol's 6th house:

You enjoy tackling practical chores together. Lucille, in particular, provides Carol with lots of ideas on how to maintain health, property, and efficiently run daily affairs.

Carol's Mercury in Lucille's 3rd house:

The two of you love to chat, and often it requires effort for the two of you to be together without talking, even if there is little to discuss. Try to avoid the tendency to gossip with each other.

Lucille's Venus in Carol's 7th house:

Lucille is highly attractive and interesting to Carol, and there is a strong magnetic attraction between you that leads to a lovely and close friendship.

Carol's Venus in Lucille's 4th house:

Lucille's deep feelings of appreciation and support for Carol are not likely to evaporate over time. Both of you love your times together, especially if you share a home together.

Lucille's Mars in Carol's 2nd house:

Lucille takes an active interest in the way Carol handles finances and assets. You may succeed in a joint business venture or financial arrangement, but there is also the strong possibility that you will come to cross purposes and disagree about how resources, responsibilities, and profits should be divided.

Carol's Mars in Lucille's 8th house:

Carol is mysterious, intriguing, and charismatic to Lucille. If you go into business together or pool resources and later separate, disentangling your joint resources will be extremely difficult.

Lucille's Jupiter in Carol's 8th house,

Carol's Jupiter in Lucille's 8th house:

There is a strong inclination to merge resources, talents, and energies. You tend to pool your resources. Joint business ventures or other endeavors in which you invest your energy and assets are likely to be quite profitable for both of you.

Lucille's Saturn in Carol's 2nd house,

Carol's Saturn in Lucille's 2nd house:

You will learn a lot about handling money and resources and how to develop material security in this relationship, and hopefully any difficult lessons will not cause serious regrets. Be wary of the tendency to be overly critical of the way that your friend handles finances and try to not to interfere too much with one another's decisions in this regard.

Lucille's Uranus in Carol's 11th house:

Together you become active participants in community, social action, and progressive ideas. Lucille encourages Carol to become involved in social and political issues, and you encourage each other to look beyond your personal lives and take an interest in issues of broader scope that affect your community, country, or the world as a whole.

Carol's Uranus in Lucille's 3rd house:

There is a spontaneity and quickness to your communications that allows the two of you to convey a lot of information to each other very rapidly. Carol spurs Lucille to develop new, creative ideas and you both enjoy the fresh, innovative ideas that come to you when you start brainstorming together.

Lucille's Neptune in Carol's 5th house:

Lucille enjoys acting childish and silly with Carol. You enjoy playing with each other, and there is a strong element of fantasy and imagination in your games. Carol's sense of reality may be somewhat diminished when with Lucille, and overindulgence in pleasurable activities or emotions is possible.

Carol's Neptune in Lucille's 8th house:

Carol is much less cautious and reserved in sharing possessions, as well as emotions, with Lucille. Some confusion over joint resources or financial transactions may occur, however.

Lucille's Pluto in Carol's 4th house:

A lot of powerful emotions come to the surface in this relationship. Differences in your family backgrounds, ethnic or religious heritage can become a source of friction. Subtle biases toward each other or misunderstandings between you can smolder for a long time, and then erupt as hurt feelings and anger. You need to be honest and open with each other because otherwise a complex knot of feelings can develop between you, developing into a love-hate relationship.

Carol's Pluto in Lucille's 7th house:

Carol is a very interesting and intriguing person to Lucille. You may feel that you were "fated" to know one another, or that your Karma is linked. Carol is likely to profoundly influence Lucille for good or ill, and may have a strong magnetic power over Lucille.

Lucille's Sun Trine Carol's Mercury:

The mental rapport that you two share is a big reason why you enjoy each other's company and are good friends. Communication is open and harmonious. You work together very well on practical affairs, daily chores, problem-solving, and business activities.

Lucille's Asc. Trine Carol's Sun:

Carol motivates, encourages, and energizes Lucille's self-expression, and can be very helpful to all of Lucille's projects and activities. When you are together, you both feel more positive, alive, and vital.

Carol's Moon Conjunct Lucille's Saturn:

You don't loosen up and enjoy each other's company as much as you might have hoped. The mood that develops when you get together is formal, even constrained and inhibited at times. Carol may feel that Lucille is too critical, acting like a parent or authority towards Carol. However, you do respect one another, are very responsible to each other, and feel that you understand each other even though communication is often stilted and difficult.

Carol's Moon Sextile Lucille's Neptune:

You feel extremely comfortable with each other, and it is not surprising that you have become close friends. The intuitive rapport for each other is very strong, and you feel supportive and sympathetic towards each other. You also work well together in artistic, musical, and humanitarian areas.

Lucille's Mercury Conjunct Carol's Jupiter:

Your conversations frequently turn to philosophical, religious, or political areas. Your discussions often move more towards the forest than the trees. You help each other get a broader perspective of your situation and you are likely to find yourselves traveling, exploring, and, in many ways, broadening your horizons. Carol believes in and encourages Lucille's ideas, plans, and intellect.

Lucille's Jupiter Sextile Carol's Neptune:

You understand and encourage on another's spiritual yearnings and aspirations, and you also bring out the dreamy, imaginative, or unrealistic sides on one another as well. Explorations of a religious, metaphysical, or unusually creative nature flourish when you are together.

Lucille's Uranus Square Carol's Uranus:

You have an exciting, freeing, unsettling, or disruptive effect upon one another, and you bring out the independent side of each other. Neither one of you is willing compromise your individuality for the other, and you can be rebellious toward one another, especially if either of you adopts a paternal or authoritarian attitude.

Carol's Uranus Square Lucille's Neptune:

Bursts of inspiration, creative imagination and insight, or strange psychic experiences makes your relationship lively and unusual. You may do some rather bizarre or unusual experimenting together. Avoidance of responsibility or reality can be a problem at times.

Lucille's Neptune Conjunct Carol's Pluto:

The differences in your ages and the resulting disparity in the trends, tastes, and spiritual impulses of your generations can cause friction. In particular, Carol's generation uncovers the illusions, deceptions, or weaknesses of Lucille's age group. This may or may not be a factor that you are aware of in your relationship, but it is present and affects you in subtle ways.
